SUPPLEMENTAL INFORMATION

SECTION A

A.1 EXECUTIVE SUMMARY - COMMERCIAL ITEMS (INDEFINITE-QUANTITY CONTRACT)
FOR IRAQI MINISTRIES CIVILIAN VEHICLE SUPPORT (IMCVS)

(a) INTRODUCTION:

The U.S. Army Tank-automotive and Armaments Command (TACOM) is issuing this solicitation under the authority of Federal Acquisition Regulation (FAR) Part 12.6, which creates a simplified contract format we can use to buy commercial items, using techniques that are similar to those used in private-sector contracting.

- Section A, "SUPPLEMENTAL INFORMATION"
- Section B, "SUPPLIES OR SERVICES AND PRICES/COSTS"
- Section C, "DESCRIPTIONS/SPECIFICATIONS/WORK STATEMENTS"
- Section H, "SPECIAL CONTRACT REQUIREMENTS"
- Section I, "CONTRACT CLAUSES"
- Section j, "LIST OF ATTACHMENTS"
- Section L, "INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS"
- Section M, "EVALUATION FACTORS FOR AWARD"

(b) TACOM is soliciting offers to supply the following items:

Minimum Guaranteed Quantity:	1 each
Estimated/Maximum 2-year quantity:	4 each
Item Name:	Forklift

Under this Indefinite-Quantity Contract the Government is only guarantying that the minimum guaranteed quantity will be ordered. However, it is estimated that over the 2-year ordering period, a total of 4 vehicles may be ordered. Offeror's evaluated price will be based on the estimated quantity of 4 vehicles and supplemental manuals.

Warranty - Standard commercial warranty must be provided by offeror, supported in full. A copy of the warranty will be submitted and market research will be performed by the Government to verify its authenticity.

Manuals - Offerors must provide an English and Arabic (dialect appropriate to Iraq) manual which is inclusive of the proposed unit price. Vehicles can be and will be expected to be shipped with the available vehicles standard manual, in whatever language, but the awardee will be paid only 80% of the total cost per vehicle upon acceptance if the two required language manuals are not included with the original shipment. When English and Arabic translated manuals are provided, (one or both, whatever completes the requirement of both manual types), and the additional 20% of the unit price, per vehicle, will be paid upon acceptance of the manuals.

Spare Parts - In order to satisfy basic upkeep of the vehicles included in the warranty, the offeror must identify a known dealer within the non-terrorist countries of the Southwest Asian region.

(c) UNIQUE ASPECTS OF THIS SOLICITATION:

(1) Indefinite-Quantity Contract

This solicitation is for a 2-year Indefinite-Quantity contract, rather than a single-year contract. Under an indefinite-quantity contract arrangement, TACOM guarantees to buy a specified minimum quantity of contract items during the contract life, and can order additional quantities above that minimum, if we require them. Eligibility of award is under Full and Open competition.

(2) Responsibility

In order to determine that offerors are deemed responsible and competent to perform on these contract(s), offerors will have to ensure the Government that they are in compliance with the standards listed in FAR 9.104. The Government may obtain certain information by exercising rights under FAR 9.105. Also, potential contractors must be registered in the Central Contractor Registry (CCR) PRIOR to award: www.ccr.gov <<http://www.ccr.gov>>.

(3) Schedule of Events

Per FAR 12.603, responses will be due 15 days after solicitations are issued.

To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2) (i) If a Contractor has legally changed its business name, ``doing business as'' name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. (3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. 9 52.212-4003 ALL OR NONE--COMMERCIAL ITEM ACQUISITION SEP/1996
 (TACOM)

This provision serves as an addendum that modifies paragraph (h) of FAR 52.212-1, entitled INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS. Paragraph (h) is modified to say that you must offer to provide the total quantity of the items in this solicitation. ONLY ONE AWARD WILL BE MADE AS A RESULT OF THIS SOLICITATION. OFFERS SUBMITTED FOR LESS THAN THE TOTAL QUANTITIES OF ALL THE ITEMS IN THIS SOLICITATION WILL NOT BE CONSIDERED FOR AWARD

10 52.212-4851 ELECTRONIC OFFERS REQUIRED -COMMERCIAL ITEMS APR/2004
 (TACOM)

(a) You must submit your offer via paperless electronic media (See Paragraph (b) below.). Unless paper copies are specifically requested elsewhere in this solicitation (in Section L), offers submitted in paper form are unacceptable. You must submit your electronic offer, and any supplemental information (such as spreadsheets, backup data, and technical information), using any of the following electronic formats:

- (1) Files readable using these Office XP or Microsoft* 2002 Office Products (TACOM can currently read OFFICE 2002* and lower.): Word, Excel, Powerpoint, or Access. Spreadsheets must be sent in a file format that includes all formulae, macro and format information. Print image is not acceptable. Executable files are unacceptable.
- (2) Files in Adobe PDF (Portable Document Format). Scanners should be set to a minimum of 200 dots per inch.
- (3) Files in HTML (Hypertext Markup Language). HTML documents must not contain active links to live Internet sites or pages. All linked information must be contained within your electronic offer and be accessible offline.
- (4) Other electronic formats. Before preparing your offer in any other electronic format, please e-mail the buyer identified in Block 7.A. of the solicitation cover sheet (Government Standard Form 1449), with e-mail copy-furnished to amsta-idq@tacom.army.mil, to obtain a decision as to the format's acceptability. This e-mail must be received by the buyer not later than ten calendar days before the closing date. Failure to e-mail the buyer within this timeframe to seek an alternate format's acceptability may result in rejection of your offer. All alternate methods must be at no cost to the Government.

NOTE (Compression): The above formats may be submitted in compressed form using Winzip*. Self-extracting files are not acceptable. Check with the buyer before using any product other than Winzip for file compression.

NOTE (Hyperlinks): Documents [submitted using any of the above formats] must not contain active links (hyperlinks) to any other documents that are not contained in the proposal. This includes links to live Internet web sites or web pages. All linked information must be contained within your electronic offer and be accessible offline.

NOTE (Macros): The virus scanning software used by our email systems cannot always distinguish a macro from a virus. Therefore, sending a macro embedded in an email message or an email attachment may cause the email offer to be quarantined. In that event subparagraphs (f) and (g) apply.

(b) Acceptable media: You must submit your offer via 100 megabyte or 250 megabyte Zip*-disk, or 3 1/2 inch disk, or 650 megabyte CD ROM, E-mail, or datafax. Identify the software application, and version, that you used to create each file submitted. The word "datafax" used in this clause means "facsimilie" as defined at FAR 52.215-5.

- (1) 100 OR 250 MEGABYTE ZIP*-DISK, 3 1/2 INCH DISK, OR 650 MEGABYTE CD ROM via U.S. Mail or other carrier. Offerors shall label any and all submitted disks with the solicitation number and closing date, and the offeror's name and address and contact phone number. Envelopes containing disks must be labeled per FAR 52.215-1(c), found within the provision, "Instructions to Offerors--Competitive Acquisition", listed in Section L. Your attention is also called to the entirety of that provision--all contained therein is applicable to paperless electronic offers. In the event of multiple submitted offers, place each offer/submission on its own disk(s)(one offer can comprise multiple disks). You must also submit only one offer/submission per envelope. Notwithstanding language in Block 28 of the SF 1449 cover sheet of this solicitation that may state otherwise, submit ONLY ONE (1) of each disk (no additional copies required). If you will be sending your CD or ZIP disks by any method other than US Postal Service, see the Section L provision 52.215-4003 (TACOM), entitled "Handcarried Offers," for delivery instructions.
- (2) E-MAIL. If you choose to use e-mail, address your offer to offers@tacom.army.mil. DO NOT E-MAIL OFFERS TO THE BUYER. THE SUBJECT LINE OF THE E-MAIL MUST READ: "OFFER--[solicitation number], [name of Company/offeror], CLOSES [closing date]". Maximum size of each e-mail message shall be three and one-half (3.5) megabytes. Use the file compression described in the NOTE in paragraph (a) above. You may use multiple e-mail messages for each offer/submission, however, you must annotate the subject lines as described above for each message, and number them in this manner: "Message 1 of 3, 2 of 3, 3 of 3".
- (3) DATAFAX. Faxed offers MUST BE SENT TO TACOM'S NETWORK FAX SERVER ON 1-586-574-5527. DO NOT FAX OFFERS TO THE BUYER. SIMILARLY, DO NOT ADDRESS THE FAX TO THE BUYER. offers@tacom.army.mil.

Paper faxes are not acceptable. Transmit only one offer for each datafax transaction. Clearly identify the offer as such on your fax cover page or via your PC, include your company's name, and state the proper internal TACOM address: offers@tacom.army.mil. Offerors may send a fax using a personal computer or standalone fax machine, but it must be sent to the above number. If you use a standalone fax machine, you won't receive a confirmation of receipt. See paragraph (e) below for the minimum requirements of your offer. Maximum size of datafax offers is three and one-half megabytes (3.5MB), the same limitation as that for e-mail offers. For your datafax, use the same subject line as that for e-mails as indicated above: "OFFER--[solicitation number], [name of your Company/offeror], CLOSES [closing date]".

Unless specifically instructed otherwise in this solicitation, select only one medium by which to transmit each offer. For instance, do not submit an offer via 100 or 250 megabyte Zip*-disk AND e-mail.

(c) Lateness rules for submitted disks, e-mail, or datafax submissions are outlined in FAR 52.215-1, "Instructions to Offerors--Competitive Acquisition", listed in Section L of this solicitation. Pay particular attention to paragraph (c)(3) of that clause as it relates to the timing of e-mail or datafax submissions.

(d) Security Note: If you choose to password-protect access to your offer, you must provide the password to TACOM at least ten days prior to submitting the protected file. Contact the buyer to arrange a means of providing the password. Passwords used only for the purpose of write protecting files need not be provided.

(e) Electronic offers must include, as a minimum:

(1) The SF1449 cover sheet filled out. SIGNATURE: For offers submitted via disk or CD ROM per (b)(1) above, this SF 1449 cover sheet must be signed and included electronically in your disk or CD. Clearly label the disc/CD ROM as described in paragraph (b)(1) above, adding the name and title of the signer authorizing your company, your company name, and then sign the LABEL itself. Datafaxed offers also must include a signed SF 1449 cover sheet. E-mailed offers must also include a signed SF 1449 cover sheet that can be either faxed or scanned. If faxed to the TACOM Network Fax Server (1-586-574-5527), you must annotate that it is being submitted together with your e-mailed offer. If scanned, attach it to your e-mail offer (or first e-mail message if you are sending multiple e-mails due to length).

(2) All applicable fill-in provisions from Sections A, B, and K of this solicitation. You may find Word versions of Section K provisions requiring your fill-in on our TACOM Business Opportunities webpage (<http://contracting.tacom.army.mil/mastersol/sectionk.htm>). You can fill them in and attach them to your offer. See the solicitation for which provisions are required. Also, Section E provisions filled in (if applicable): Inspection Point: Origin, TACOM clause 52.246-4028. All applicable fill-ins must be completed and submitted by the offeror.

(3) A statement of agreement to all the terms, conditions, and provisions of this solicitation.

(4) Any other information required by the solicitation.

(f) Please see FAR 15.207(c) for a description of the steps the Government shall take with regard to unreadable offers.

(g) Offerors shall make every effort to ensure that their offer is virus-free. Offers (or portions thereof) submitted which DO reflect the presence of a virus, or which are otherwise rendered unreadable by damage in either physical or electronic transit, shall be treated as "unreadable" per paragraph (f) above.

Name of Offeror or Contractor:

(a) The Government often employs contractors as system administrators to operate and maintain Government computer systems. These systems include local area networks, web sites, databases, other electronic records, e-mail accounts, other electronic data transfer mechanisms and computer software. The employees of these contracted system administrators sign nondisclosure agreements obligating them not to reveal information contained in files, documents, computers or systems that they administer. However, unless such information is protected in some way, contracted system administrators do have the ability to access such information.

(b) Potential contractors as well as any other parties are thus advised to take steps needed to prevent access by contracted system administrators to information submitted electronically to the Government. Absent such steps, it is assumed that contracted system administrators are permitted the capability to access the data. The access will be limited to that which is necessary for the contract system administrator to perform its duties for the Government. The access shall be subject to the condition that third party information is not to be revealed by the contracted system administrator.

- (xxii) hydrobromofluorocarbons (HBFCs)
- (xxiii) All isomers of the substances listed in this paragraph (a)(1) except for 1,1,2-trichloroethane, which is an isomer of methyl chloroform.

(2) Directly requires the use of CIODS means that the Government's specification or technical data package, at any tier, explicitly requires the use of any Class I Ozone-Depleting Substance (CIODS) in performance of the contract.

(3) Indirectly requires the use of CIODS means that the Government's specification or technical data package, while not explicitly requiring the use of any CIODS, does require a feature that you can meet or produce only by the use of CIODS.

(b) Per Section 326 of Public Law 102-484, the Department of Defense cannot award any contract that directly or indirectly requires the use of CIODS unless (i) the use of such substances is essential for contract performance, and (ii) no suitable substitute for the CIODS currently is available.

(c) Before releasing this solicitation, we conducted a best effort review of its technical requirements, standards, and specifications, to see if any contain requirements for CIODS. If we identified any such CIODS requirements, they are identified in subparagraph (d)(1) below.

(1) In addition, to help TACOM meet its obligations under Public Law 102-484, we ask you for input. If you have any special knowledge about any CIODS requirements that our specifications impose, whether directly or indirectly, or if you know about potential substitutes for any CIODS required by our specifications, we would appreciate the information.

Name of Offeror or Contractor:

(2) It should be understood that you are not obligated to give us the information requested by this provision, and that we cannot provide any separate or special payment for doing so. However, we are asking only for information based on knowledge that is readily available to you as a supplier in this industry. We do not expect you to do any review of our specifications more extensive than the one you perform in order to develop your price.

(d) Please summarize your own review of our specification/technical data package, by completing the following:

(1) During our review of the specification or technical data package in this solicitation, we--

- ☐ have
- ☐ have not

found any direct requirements to use any CIODS. (If have is checked above, offerors are asked to identify, on the following lines, (i) any specifications and standards not already listed immediately below that directly require the use of CIODS; (ii) the CIODS required by the listed specifications and standards; and (iii) whether any substitutes are known to be available for the listed CIODS.)

<u>Spec/Standard</u>	<u>Required CIODS</u>	<u>Substitute Available?</u>
_____	_____	_____
_____	_____	_____

(2) Further, in our review of the specification or technical data package in this solicitation, we--

- ☐ have
- ☐ have not

found any indirect requirements to use any CIODS. (Offerors who check have above are asked to identify, on the following lines, (i) the specifications and standards for this acquisition that indirectly require the use of CIODS; (ii) the CIODS indirectly required by each listed specification and standard; and (iii) whether any substitutes are known to be available for the listed CIODS.)

<u>Spec/Standard</u>	<u>Required CIODS</u>	<u>Substitute Available?</u>
_____	_____	_____
_____	_____	_____

(e) Offerors who check have in paragraphs (d)(1) or (2) above also are requested to say whether substitutes are known to be available for any of the CIODS. If an available substitute would perform less well than the CIODS would perform, please let us know what the technical trade-offs are to the extent that you have such information available.

(f) If you checked have in paragraphs (d)(1) or (2) above, and also indicated that substitutes for CIODS are available, we need to know whether use of the suggested substitute would have any effect on your proposed price. If your proposal price for compliance with our current specifications differs from what your price would be if the substitute for CIODS were required, we ask that you let us know what the difference would be in Section B of this solicitation, by giving us two prices or offers:

--One price/offer, labeled with CIODS, will be the offered price in the event that CIODS are used.

--The second price/offer, labeled without CIODS, will be the price offered if substitutes for CIODS are used, and will specify the substitute(s) being proposed for use.

(g) Section 326 of Public Law 102-484 reflects the national and international interest in minimizing the use of CIODS. For this reason, TACOM reserves the right to (i) determine the suitability of substitutes for CIODS when such potential substitutes are available; and (ii) change the specification in any contract awarded as a result of this solicitation, to require the use of suitable substitutes in lieu of CIODS.

(f) Another avenue you can use, if you wish to protest some feature of this acquisition, is to protest to TACOM's headquarters, the Army Materiel Command. The AMC-level protest program encourages interested parties to seek resolution of their concerns within AMC as an Alternative Dispute Resolution forum, rather than filing a protest with the General Accounting Office or other external forum. Contract award or performance is suspended during an AMC-level protest to the same extent, and within the same time periods, as would apply to a protest filed with the GAO. The AMC program has a goal of resolving protests within 20 working days from the date of filing. To be timely, AMC-level protests must be filed within the periods specified in subpart 33.103 of the Federal Acquisition Regulation.

- (g) To file an AMC-level protest, send the protest to:

However the Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary.

Name of Offeror or Contractor:

L.1.4.4 Please see FAR 15.207(c) for a description of the steps the Government shall take with regard to unreadable offers:

(c) If any portion of a proposal received by the contracting officer electronically or by facsimile is unreadable, the contracting officer immediately shall notify the Offeror and permit the Offeror to resubmit the unreadable portion of the proposal. The method and time for resubmission shall be prescribed by the contracting officer after consultation with the Offeror, and documented in the file. The resubmission shall be considered as if it were received at the date and time of the original unreadable submission for the purpose of determining timeliness under 15.208 <<http://farsite.hill.af.mil/reghtml/regs/far2afmcfars/fardfars/far/15.htm>>(a), provided the Offeror complies with the time and format requirements for resubmission prescribed by the contracting officer.

L.1.4.5 Offerors shall make every effort to ensure that their offer is virus-free. Offers (or portions thereof) submitted which reflect the presence of a virus, or which are otherwise rendered unreadable by damage in either physical or electronic transit, shall be treated as "unreadable" per paragraph L.1.5.5 above.

L.1.5 Paper Copies. Paper copies of offers will not be accepted.

L.1.6 Proposals shall conform to the requirements of this solicitation; no alternate proposals will be considered in this procurement.

L.2 Proposal Content.

L.2.2.1.1.1 Offerors shall fill in the Technical Information Questionnaire (TIQ) found in Attachment 2, Technical Information Questionnaire, for the item of equipment identified in Schedule of Supplies/Services. In addition to completing the TIQ, Offerors shall electronically submit available commercial literature, and may electronically submit additional technical information, commercial literature, or other supporting data which demonstrates that their product meets the contract specification requirements (Attachment 1).

L.2.2.2 Volume II - Delivery Area

The offeror's proposed schedule shall be inserted in Section B. In addition to the Offerors proposed delivery schedule, completion of the Delivery Questionnaire will require the offeror to provide substantiating information which confirms the achievability of the Offerors proposed schedule. Additionally, the Delivery Questionnaire requires the offeror to identify Points of Contact to permit the Government to verify certain proposal information. These Points of Contact must speak English and must be readily available to be reached by telephone or by e-mail upon receipt by the Government of proposals. In the event the Government cannot contact these Points of Contact, or if the Points of Contact do not speak English, any Delivery Area proposal assertions made by the Offeror which cannot be validated will be considered to lack credibility and the Offerors proposal will be assessed accordingly.

EVALUATION FACTORS FOR AWARD

SECTION M

M.1 Source Selection Process

Source Selection Authority. The Source Selection Authority (SSA) is the official designated to direct the source selection process and select the offeror for the contract award.

Source Selection Evaluation Board (SSEB). An SSEB has been established by the Government to evaluate proposals in response to this solicitation. The SSEB is comprised of technically qualified individuals who have been selected to conduct this evaluation in accordance with the evaluation criteria listed for this solicitation. Careful, full, and impartial consideration will be given to all proposals received pursuant to this solicitation.

Two-step Evaluation Process. The evaluation of proposals in response to this solicitation is structured in two phases. Phase I is an evaluation of the offerors technical proposal. This evaluation will be on an acceptable/not acceptable basis. Any offerors proposal assessed as not acceptable in Phase I will no longer be considered for award.

Under Phase II of the evaluation process, those proposals found acceptable under the Phase I evaluation, will be evaluated using a trade off process to determine which proposal provides the most advantageous proposal (i.e., best value) considering the following three areas: Delivery Area, Price Area, and Small Business Participation Area. The Delivery Area is significantly more important than the Price Area. The Price Area is significantly more important than the Small Business Participation Area. The objective delivery date for the guaranteed minimum quantity is 30 July 2004.

The Government intends to award a contract without discussions, but reserves the right to hold discussions, if necessary. Where award will be made without discussions, exchanges with offerors are limited to Clarifications as defined in FAR 15.306(a). Therefore, the offerors initial proposal should contain the offerors best terms from a technical, delivery and price standpoint.

The anticipated award date is late May 2004.

a. Phase I Evaluation.

Phase I will be an acceptable/not acceptable evaluation of the Technical proposal meeting the contract specification (Attachment 1). The determination of acceptable will be based on an evaluation of the technical proposal against the following definition:

An "Acceptable" Technical proposal is a proposal where there is essentially no doubt, based on the offeror's proposal, that the offered supplies will meet each of the specification requirements. This assessment will be performed using the information contained in the Technical Information Questionnaire, as well other information supplied by the offeror to support conformance of the supplies to each specification requirement.(e.g. commercial literature, vendor data, narrative descriptions of conformation to specification requirements, test data, etc).

NOTE: Technical performance beyond the minimum acceptable, as defined above, will not be given extra evaluation credit.

Under the Technical Area evaluation, the Government will also assess the Offerors proposal to have a dealer available to support the hardware being delivered. This will be done on an acceptable/not acceptable basis, and will be based upon the information provided by the Offeror. To be acceptable, the Offerors submitted information must demonstrate the availability of a dealer meeting the requirement stated in the RFP/Contract Work Statement.

b. Phase II Evaluation.

Phase II of the evaluation is a best value process utilizing source selection trade-off procedures, to select the most advantageous offer from among those Phase I proposals assessed as acceptable. Under Phase II, the SSA will weigh the merits in the Delivery Area and the Small Business Participation Area against the evaluated price to the Government to determine which proposal, in the SSAs judgment, represents the best value. The Technical Area proposal will not be considered in the Phase II best value award decision. As part of the trade-off determination of best value, the relative advantages, disadvantages, and risks of each proposal will be considered.

The Delivery Area is more important than the Price Area. The Price Area is significantly more important than the Small Business Participation Area. The Delivery Area and the Small Business Area combined are significantly more important than the Price Area.

c. Delivery Area. The Delivery Area will assess the extent to which contract hardware deliveries satisfy the solicitation's objective delivery schedule for the guaranteed minimum quantity of IDIQ contract deliverables (the guaranteed minimum quantity is identified in the Schedule Section of the RFP). For the purpose of this RFP, the objective delivery date for the guaranteed minimum IDIQ quantity is 30 July 2004. The Delivery Area evaluation will be performed using the information provided in the Delivery Questionnaire and any other validation information gathered by the Government.

Name of Offeror or Contractor:		

d. Small Business Participation Area

This provision applies to every Offeror (U.S. and non-U.S.), regardless of size-status or location of its manufacturing facility or headquarters.

2. The Government will evaluate the extent of small business concern participation in terms of the percentage of total subcontracted dollars which the Offeror credibly proposes to subcontract to U.S. small business concerns (Small Business, Small Disadvantaged Business, Woman-Owned Small Business, Veteran-Owned Small Business, Service-Disabled Veteran-Owned Small Business, HUBZone Small Business and/or Historically Black Colleges and Universities/Minority Institutions), Coalition Partner Companies, and Force Contributing Nation Companies in the performance of this contract. See Attachment 6, Small Business Participation Evaluation.

3. The evaluation will include the following:

a. The extent to which the proposal identifies participation of small business concerns. The extent of participation of such concerns shall be evaluated in terms of the percentage of the total subcontract amount.

b. An assessment of the probability that the Offeror will satisfy the requirements of FAR 52.219-8 and FAR 52.219-9 and achieve the levels of Small Business Participation identified in the proposal. This assessment will be based upon both:

1. a proposal risk assessment of the Offeror proposed Small Business Participation Approach and;

2. a performance risk assessment of prior achievements in satisfying commitments and requirements under FAR 52.219-8 and FAR 52.219-9, if applicable.

c. Offerors are advised that they will be evaluated under the Small Business Participation Area based upon the risk and extent of the Offeror credibly achieving the Governments goals for small business concern participation .

The statutory U.S. Government goals for small business participation are:

23% Small Business
5% Small Disadvantaged Business
5% Woman-Owned SB
3% HUBZone SB
3% Service Disabled Veteran-Owned SB

Goals for evaluation include:

1. small business concern participation (including all subcategories of small business concerns) of 10% or more; and
2. U.S. small disadvantaged business concern participation of 2.2% or more.

d. Price Area

1) The Price Area will be assessed based upon total evaluated price to the Government to include an assessment of price reasonableness, realism and affordability to the Government. Realism measures "does the proposal price accurately reflect the offeror's approach in meeting the solicitation requirements and objectives, as well as an expectation that the solicitation requirements and objectives will be met at a price that will not result in a net loss to the offeror?". Reasonableness exists when the offered price does not exceed what would be incurred by a prudent person in the conduct of competitive business. The Government may reject a proposal which is not realistic, or not reasonable, as to price.

2) All vehicles items will be inspection and acceptance FOB Destination.

3) The total evaluated price for each respective CLIN will equal the CLIN Price multiplied by the total estimated quantity for of the two Ordering Periods offered. The Total Evaluated Price equals the sum of the individual Ordering Periods plus the total price of CLIN 2001AA.

3. Affordability. Contract Price can also play a role in the Governments evaluation of the affordability of an Offeror's proposal. An Offeror may not receive an award if its proposal is unaffordable.

4. Per FAR Subpart 9.1, contracts will be placed only with Contractors that the Contracting Officer determines to be responsible (that is, they meet the standards in FAR 9.104). The PCO may request/require a Pre-Award Survey to help ensure that a selected Contractor is responsible.

5. Rejection of Offers. The Government may reject any proposal which:
- a. Merely offers to perform work according to the RFP terms or fails to present more than a statement indicating its capability to comply with the RFP terms without support and elaboration, as specified in the solicitation; or
 - b. Reflects an inherent lack of technical competence or a failure to comprehend the complexity and risks required to perform RFP requirements due to submission of a proposal that is unrealistically high or low in price and/or unrealistic in terms of technical or schedule commitments; or
 - c. Contains any unexplained, significant inconsistency between the proposed effort and the proposed price, which implies the Offeror has (1) an inherent misunderstanding of the scope of work, or (2) an inability to perform the resultant contract; or
 - d. An offer that is unbalanced, as to prices. An unbalanced offer is one, which is based on prices significantly high or low for one given ordering period versus another ordering period; or
 - e. Fails to meaningfully respond to the Proposal Preparation Instructions specified in the solicitation.
 - f. Proposals submitted in great part in a language other than English may be rejected.
